

Dermatology Services

Dermatology is another specialty available at Georgia Veterinary Specialists. Our board-certified dermatologist, Robert O. Schick, DVM, ACVD, joined our staff in the Spring of 2002 and brings many years of experience to GVS through practice not only in the Atlanta area, but in practices located in Michigan and Florida as well.

Dr. Schick performs many specialized diagnostic procedures, including:

- Microscopic examination of skin biopsy specimens
- Cytological smears
- Intradermal allergy testing
- Fungal cultures
- Microbiologic examination of skin scrapings and secretions
- Management of chronic ear disorders
- Complete endocrine (hormonal) assays
- Middle ear evaluation with CT scan

Among the many treatment options offered by Dr. Schick at GVS are:

- Ear canal ablation
- Laser surgery
- Nail surgery
- Biopsy techniques
- Excisional surgical procedures
- Video otoscopy
